Claims company will move to Two Rivers

National player's HQ houses 60 employees

By Kyle Swenson

01-23-2009 12:22 PM —

Workers' compensation claims administrator Alternative Service Concepts is moving its national headquarters into a space at SmartSpace's Two Rivers Corporate Centre.

Currently based at 1101 Kermit Drive off Murfreesboro Pike, the firm will head into its new 14,725 square foot facility on April 1. Sixty employees will move into the new headquarters, overseeing the company's 21 offices nationwide.

A third-party negotiator for compensation claims, ASC was recently contacted to handle all future Injury-On-Duty claims for the Metropolitan Government of Nashville and Davidson County. The company last summer also **moved into Florida** via the acquisition of a book of business.
